

Emergency 24-Hour Service

Yes... You read that right! Here at Fox Overhead Door, we proudly offer our customers the convenience of emergency 24-hour service. There are few things as annoying and poorly timed that compare to when your garage door breaks on you trapping your car in the garage. Our staff fields emergency calls from customers all the time needing help NOW... not later, and being a service company, we have decided to answer the call and make sure that we offer the absolute highest level of service in the industry. Emergency 24-hour garage door repair service isn't easy to pull off. We stay standing by the phones 24 hours a day to help you diagnose and repair any issue you may have.

Christmas time? Yes... We're there for you! If the chimney is blocked then Santa has no choice but to go in through the garage door(He's probably too big to fit through the front door anyways, and climbing through a window would probably cause a different kind of emergency call, and no one wants to see Santa in jail on Christmas!) We digress, Fox Overhead Door will be there for you day and night, wind and rain, hurricanes and ... well... We'll do our best in bad weather!

Stop stressing about your garage door's bad timing with breaking down, and give the team at Fox a call. We'll look forward to hearing from you soon!
